Pretty wierd game, I got this game in a bundle, but I wonder who literally just buy this game! XD. This Game is♥♥♥♥♥♥♥♥! . this game blows. In fact, this was a very good game. In fact, I might just play it again to complete it again, in fact. In fact I know a lot more about autism now and maybe my parents can finally love me in fact :). Fun, too short game. Really great story ideas and atmoosphere. TOO SHORT. Loved their original Lost Crown game, and can't wait for the new one.. Very nice pack! Great job done by Bossman Games - looking forward to their Black 5! Only snag I had troubles with, the braking (air and vac), found both to be very weak and takes quite a while to bring the loco (with/without stock) to a stand. Other than that I reccomend!. Perfect for my craps addiction.

Like Guns of Icarus but chaotic in bad way - more action, less strategy. Poor graphics, models & sound. Would have been good/groundbreaking if released 3 or 4 years earlier than it was.. Reminds me of similar flash games, only worse and not free. Visuals are so bad you can't tell foreground from background half of the time. Oxygen is limited so you have to go fast, but even slightly touching a wall means death. Also, lots of aggressive fish.. This is the best MAR WAR game ever, the series has never been so bug free before 10V10 would lick again.. For all the Gilgamesh fans out there who cannot stop fangirling over AUO, forget about his sexy smirk for a minute and see this cute chibi AUO fill your heart with love.. An interesting environment to explore and interact in VR. There's a lot of fun activities and minigames to explore. A lot of attention to detail by the developer. I have a lot to discover yet, but the minigolf and bowling are fun, and I loved playing the drums.

Honestly, I found this after I returned Pierhead Arcade because it doesn't support throwing on WMR headsets. That's being a lazy developer, so I won't give him my money. Support those developers that are willing to support their customers.. Very nice game => Fascinatingly
